

Take advantage of the wide open sky.

The Single-Engine Commercial Pilot certificate is pending approval by the ODHE, HLC and the DOE.

Get your wings with a Single-Engine Certificate

The Single-Engine Commercial Pilot Certificate will prepare students for an entry-level position in the aviation field and can be completed in one year. This amazing program will allow you to gain entry into the field of being a pilot and viewing life from a whole new perspective. Course work in this program articulates into the Associate of Applied Science degree in Professional Pilot.

Aviation students

In addition to complying with the College's general admission procedures, Aviation students must:

- *have the ability to read, speak, write and understand English proficiently;*
- *be 17 years or older;*
- *be able to prove United States citizenship; and*
- *possess a current 3rd class medical certificate.*
